## Local Government Reform – Consultation on Proposed Reforms

---

Local government benefits all Western Australians. It is critical that local government works with:

- a culture of openness to innovation and change
- continuous focus on the effective delivery of services
- respectful and constructive policy debate and democratic decision-making
- an environment of transparency and accountability to ensure effective public engagement on important community decisions.

Since first coming to office in 2017, the McGowan Government has already progressed reforms to improve specific aspects of local government performance. This includes new laws that work to improve transparency, cut red tape, and support jobs growth and economic development - ensuring that local government works for the benefit of local communities.

Based on the significant volume of research and consultation undertaken over the past five years, the Minister for Local Government has now announced the most significant package of major reforms to local government in Western Australia since the Local Government Act 1995 was passed more than 25 years ago. The package is based on six major themes:

1. Earlier intervention, effective regulation and stronger penalties
2. Reducing red tape, increasing consistency and simplicity
3. Greater transparency and accountability
4. Stronger local democracy and community engagement
5. Clear roles and responsibilities
6. Improved financial management and reporting.

A large focus on the new reform is oversight and intervention where there are significant problems arising within a local government. The introduction of new intermediate powers for intervention will increase the number of tools available to more quickly address problems and dysfunction within local governments. The proposed system for early intervention has been developed based on similar legislation in place in other jurisdictions, including Victoria and Queensland.

This will deliver significant benefits for small business, residents and ratepayers, industry, elected members and professionals working in the sector.

### Local Government Reforms

These reforms are based on extensive consultation undertaken over the last five years, and have been developed considering:

- The Local Government Review Panel Final Report (mid 2020)
- The City of Perth Inquiry Report (mid 2020)
- Department of Local Government, Sport and Cultural Industries (DLGSC) consultation on Act Reform (2017-2020)
- The Victorian Local Government Act 2020 and other State Acts
- The Parliament's Select Committee Report into Local Government (late 2020)
- Western Australian Local Government Association (WALGA) Submissions
- Direct engagement with local governments
- Correspondence and complaints
- Miscellaneous past reports.

The Monitor visits the local government and identifies that the system used to manage rates is not correctly issuing rates notices. The Monitor works with the local government to rectify the error, and issue corrections to impacted ratepayers.</p> <p><b>Monitor Case Study 2 – Dispute Resolution</b></p> <p>The Inspector receives a complaint from one councillor that another councillor is repeatedly publishing derogatory personal attacks against another councillor on social media, and that the issue has not been able to be resolved at the local government level. The Inspector identifies that there has been a relationship breakdown between the two councillors due to a disagreement on council.</p> <p>The Inspector appoints a Monitor to host mediation sessions between the councillors. The Monitor works with the councillors to address the dispute. Through regular meetings, the councillors agree to a working relationship based on the council’s code of conduct. After the mediation, the Monitor occasionally makes contact with both councillors to ensure there is a cordial working relationship between the councillors.</p>	
<b>1.3 Conduct Panel</b>

The Proposed Reforms state <i>'Local Governments would still be responsible for dealing with minor behavioural complaints'</i> and therefore do not go as far as the Sector's recent request for an external oversight model for the independent assessment of local level complaints (State Council Res: 264.5/2021 – September 2021). However this will be mitigated with the Inspector able to respond to a Local Government having unresolved matters by appointing a monitor to assist the Local Government.</p> <p>It is expected the Local Government Inspector would be funded by the State Government, however it is noted that the cost of the Local Government Monitors and the Conduct Panel would be borne by the Local Government concerned.</p> <p><b>WALGA Recommendation</b></p> <ol style="list-style-type: none"> <li><b>1. <p><b>1.5 Rapid Red Card Resolutions</b></p>		

CURRENT PROVISIONS	PROPOSED REFORMS	COMMENTS

Presiding members (Mayors and Presidents) are reliant on the powers provided in the local government standing orders local laws.</li> <li>• Differences between local governments is a source of confusion about the powers that presiding members have to deal with disruptive behaviours at council meetings.</li> <li>• Disruptive behaviour at council meetings is a very common cause of complaints. Having the Presiding Member be able to deal with these problems should more quickly resolve problems that occur at council meetings.</li> </ul>	<ul style="list-style-type: none"> <li>• It is proposed that Standing Orders are made consistent across Western Australia (see item 2.6). Published recordings of all meetings would also become standard (item 3.1).</li> <li>• It is proposed that Presiding Members have the power to “red card” any attendee (including councillors) who unreasonably and repeatedly interrupt council meetings. This power would: <ul style="list-style-type: none"> <li>○ Require the Presiding Member to issue a clear first warning</li> <li>○ If the disruptions continue, the Presiding Member will have the power to “red card” that person, who must be silent for the rest of the meeting. <b>1.7 Minor Other Reforms</b>		
<ul style="list-style-type: none"> <li>Other minor reforms are being considered to enhance the oversight of local government.</li> <li>Ministerial Circulars have traditionally been used to provide guidance to the local government sector.</li> </ul>	<ul style="list-style-type: none"> <li>Potential other reforms to strengthen guidance for local governments are being considered.</li> <li>For example, one option being considered is the potential use of sector-wide guidance notices. Guidance notices could be published by the Minister or Inspector, to give specific direction for how local governments should meet the requirements of the Local Government Act and Regulations. For instance, the Minister could publish guidance notices to clarify the process for how potential conflicts of interests should be managed.</li> <li>It is also proposed (see item 1.1) that the Inspector has the power to issue notices to individual local governments to require them to rectify non-compliance with the Act or Regulations.</li> </ul>	<p><b><u>Administration Recommendation</u> - Supported.</b></p> <p>Specific guidance to ensure compliance across the local government sector is supported to build capacity and understanding. Given the local government landscape evolves rapidly, there seems to be no measure of flexibility to allow for CEO's to manage unexpected situations, that may impact on their ability to deliver their agreed KPI's.</p> <p>The proposed reforms and recent Act amendments signal a clear intent to permit closer community involvement and scrutiny of Local Government. There is sector support for some independent members on the Audit Committee, however not a majority.</p> <p>The dual effect of the proposed reform is to guarantee a place for a majority of independent persons on Audit Committees, with the additional requirement that an independent person Chair this Committee. Presently, not all Local Government Audit Committees are able to include an independent person. This may be for a variety of reasons not least of which is a lack of suitable, available candidates with the required qualification, skill and experience.</p>

The concept of Regional Audit Committees has apparent merit in this case but there is no detail regarding practicalities; for example, is the Regional Audit Committee intended to include the same independent persons who will meet separately with each Local Government within the region?
