Local Government Reform – Summary of Proposed Reforms

Local Government Reform – Consultation on Proposed Reforms

Local government benefits all Western Australians. It is critical that local government works with:

- a culture of openness to innovation and change
- continuous focus on the effective delivery of services
- respectful and constructive policy debate and democratic decision-making
- an environment of transparency and accountability to ensure effective public engagement on important community decisions.

Since first coming to office in 2017, the McGowan Government has already progressed reforms to improve specific aspects of local government performance. This includes new laws that work to improve transparency, cut red tape, and support jobs growth and economic development - ensuring that local government works for the benefit of local communities.

Based on the significant volume of research and consultation undertaken over the past five years, the Minister for Local Government has now announced the most significant package of major reforms to local government in Western Australia since the Local Government Act 1995 was passed more than 25 years ago. The package is based on six major themes:

1. Earlier intervention, effective regulation and stronger penalties
2. Reducing red tape, increasing consistency and simplicity
3. Greater transparency and accountability
4. Stronger local democracy and community engagement
5. Clear roles and responsibilities
6. Improved financial management and reporting.

A large focus on the new reform is oversight and intervention where there are significant problems arising within a local government. The introduction of new intermediate powers for intervention will increase the number of tools available to more quickly address problems and dysfunction within local governments. The proposed system for early intervention has been developed based on similar legislation in place in other jurisdictions, including Victoria and Queensland.

This will deliver significant benefits for small business, residents and ratepayers, industry, elected members and professionals working in the sector.

Local Government Reforms

These reforms are based on extensive consultation undertaken over the last five years, and have been developed considering:

- The Local Government Review Panel Final Report (mid 2020)
- The City of Perth Inquiry Report (mid 2020)
- Department of Local Government, Sport and Cultural Industries (DLGSC) consultation on Act Reform (2017-2020)
- The Victorian Local Government Act 2020 and other State Acts
- The Parliament's Select Committee Report into Local Government (late 2020)
- Western Australian Local Government Association (WALGA) Submissions
- Direct engagement with local governments
- Correspondence and complaints
- Miscellaneous past reports.

Consultation

Comments on these proposed reforms are invited. Comments can be made against each proposed reform in this document. For details on how to make a submission, please visit www.dlgsc.wa.gov.au/lgactreform.

Theme 1: Early Intervention, Effective Regulation and Stronger Penalties

CURRENT PROVISIONS	PROPOSED REFORMS	COMMENTS
1.1 Early Intervention Powers		
<ul style="list-style-type: none"> • The Act provides the means to regulate the conduct of local government staff and council members and sets out powers to scrutinise the affairs of local government. The Act provides certain limited powers to: <ul style="list-style-type: none"> ○ Suspend or dismiss councils ○ Appoint Commissioners ○ Suspend or, order remedial action (such as training) for individual councillors. • The Act also provides the Director General with the power to: <ul style="list-style-type: none"> ○ Conduct Authorised Inquiries ○ Refer allegations of serious or recurrent breaches to the State Administrative Tribunal ○ Commence prosecution for an offence under the Act. • Authorised Inquiries are a costly and a relatively slow response to significant issues. Authorised Inquiries are currently the only significant tool for addressing significant issues within a local government. • The Panel Report, City of Perth Inquiry, and the Select Committee Report made various recommendations related to the establishment of a specific office for local government oversight. 	<ul style="list-style-type: none"> • It is proposed to establish a Chief Inspector of Local Government (the Inspector), supported by an Office of the Local Government Inspector (the Inspectorate). • The Inspector would receive minor and serious complaints about elected members. • The Inspector would oversee complaints relating to local government CEOs. • Local Governments would still be responsible for dealing with minor behavioural complaints. • The Inspector would have powers of a standing inquiry, able to investigate and intervene in any local government where potential issues are identified. • The Inspector would have the authority to assess, triage, refer, investigate, or close complaints, having regard to various public interest criteria – considering laws such as the <i>Corruption, Crime and Misconduct Act 2003</i>, the <i>Occupational Safety and Health Act 1984</i>, the <i>Building Act 2011</i>, and other legislation. • The Inspector would have powers to implement minor penalties for less serious breaches of the Act, with an appeal mechanism. • The Inspector would also have the power to order a local government to address non-compliance with the Act or Regulations. • The Inspector would be supported by a panel of Local Government Monitors (see item 1.2). • The existing Local Government Standards Panel would be replaced with a new Conduct Panel (see item 1.3). 	<p>Dot point 1 Agree</p> <p>Dot point 2 Agree</p> <p>Dot point 3 Agree</p> <p>Dot point 4 Agree</p> <p>Dot point 5 Agree</p> <p>Dot point 6 Agree NOE: the OSH act 84 and Regulations 96 will be superseded in March 2022</p> <p>Dot point seven, example the minor penalty, financial or suspension, a timeline implemented to address it in a timely manner</p> <p>Dot point 8 Agree</p> <p>Dot point 9 Agree</p> <p>Dot point 10 Agree</p>

CURRENT PROVISIONS	PROPOSED REFORMS	COMMENTS
	<ul style="list-style-type: none"> • Penalties for breaches to the Local Government Act and Regulations will be reviewed and are proposed to be generally strengthened (see item 1.4). • These reforms would be supported by new powers to more quickly resolve issues within local government (see items 1.5 and 1.6). 	<p>Dot point 11 Agree, and what of excessive Councillor absenteeism ? not defined in legislation</p> <p>Dot point 11 Agree although timelines should be stated</p>
1.2 Local Government Monitors		
<ul style="list-style-type: none"> • There are currently no legislative powers for the provision of monitors/ temporary advisors. • The DLGSC provides support and advice to local governments, however there is no existing mechanism for pre-qualified, specialised assistance to manage complex cases. 	<ul style="list-style-type: none"> • A panel of Local Government Monitors would be established. • Monitors could be appointed by the Inspector to go into a local government and try to resolve problems. • The purpose of Monitors would be to proactively fix problems, rather than to identify blame or collect evidence. • Monitors would be qualified specialists, such as: <ul style="list-style-type: none"> ○ Experienced and respected former Mayors, Presidents, and CEOs - to act as mentors and facilitators ○ Dispute resolution experts - to address the breakdown of professional working relationships ○ Certified Practicing Accountants and other financial specialists - to assist with financial management and reporting issues ○ Governance specialists and lawyers - to assist councils resolve legal issues ○ HR and procurement experts - to help with processes like recruiting a CEO or undertaking a major land transaction. • Only the Inspector would have the power to appoint Monitors. • Local governments would be able to make requests to the Inspector to appoint Monitors for a specific purpose. 	<p>Monitors should not be appointed to investigate a local government if they have been a CEO, Mayor or President .(perceived conflict) of the local government being investigated. I am confident that would not occur.</p> <p>Dot point 4 Monitors must have recognised Government related qualification that are valid and relevant.</p> <p>Dot point 5 agree</p> <p>Dot point 6 agree</p>

CURRENT PROVISIONS	PROPOSED REFORMS	COMMENTS
	<p>Monitor Case Study 1 – Financial Management</p> <p>The Inspector receives information that a local government is not collecting rates correctly under the <i>Local Government Act 1995</i>. Upon initial review, the Inspector identifies that there may be a problem. The Inspector appoints a Monitor who specialises in financial management in local government. The Monitor visits the local government and identifies that the system used to manage rates is not correctly issuing rates notices. The Monitor works with the local government to rectify the error, and issue corrections to impacted ratepayers.</p> <p>Monitor Case Study 2 – Dispute Resolution</p> <p>The Inspector receives a complaint from one councillor that another councillor is repeatedly publishing derogatory personal attacks against another councillor on social media, and that the issue has not been able to be resolved at the local government level. The Inspector identifies that there has been a relationship breakdown between the two councillors due to a disagreement on council.</p> <p>The Inspector appoints a Monitor to host mediation sessions between the councillors. The Monitor works with the councillors to address the dispute. Through regular meetings, the councillors agree to a working relationship based on the council’s code of conduct. After the mediation, the Monitor occasionally makes contact with both councillors to ensure there is a cordial working relationship between the councillors.</p>	
1.3 Conduct Panel		
<ul style="list-style-type: none"> The Local Government Standards Panel was established in 2007 to resolve minor breach complaints relatively quickly and provide the sector with guidance and 	<ul style="list-style-type: none"> The Standards Panel is proposed to be replaced with a new Local Government Conduct Panel. The Conduct Panel would have powers to impose stronger penalties – potentially including being able to suspend councillors for up to three months, with an appeal mechanism. For very serious or repeated breaches of the Local Government Act, the Conduct Panel would have the power to recommend prosecution through the courts. 1.4 Review of Penalties		
<ul style="list-style-type: none"> There are currently limited penalties in the Act for certain types of non-compliance with the Local Government Act. 	<ul style="list-style-type: none"> Penalties for breaching the Local Government Act are proposed to be strengthened. They will also not be able to attend meetings, or use their official office (such as their title or council email address). • It is proposed that a councillor who is suspended multiple times may become disqualified from office. • Councillors who do not complete mandatory training within a certain timeframe will also not be able to receive sitting fees or allowances. 	<p>Councillor absence is not legislated or regulated on internal committees</p> <p>Dot point 3 Agree</p> <p>Dot point 4 agree</p> <p>Accumulative and inclusive of other infringements</p> <p>If mandatory training is completed outside of the timeframe the sitting fee must not to be paid as in a refund after it is complete. CURRENT PROVISIONS	PROPOSED REFORMS	COMMENTS
1.5 Rapid Red Card Resolutions		
<ul style="list-style-type: none"> Currently, local governments have different local laws and standing orders that govern the way meetings run. Presiding members (Mayors and Presidents) are reliant on the powers provided in the local government standing orders local laws. Differences between local governments is a source of confusion about the powers that presiding members have to deal with disruptive behaviours at council meetings. Disruptive behaviour at council meetings is a very common cause of complaints. Having the Presiding Member be able to deal with these problems should more quickly resolve problems that occur at council meetings. 	<ul style="list-style-type: none"> It is proposed that Standing Orders are made consistent across Western Australia (see item 2.6). Published recordings of all meetings would also become standard (item 3.1). It is proposed that Presiding Members have the power to “red card” any attendee (including councillors) who unreasonably and repeatedly interrupt council meetings. This power would: <ul style="list-style-type: none"> Require the Presiding Member to issue a clear first warning If the disruptions continue, the Presiding Member will have the power to “red card” that person, who must be silent for the rest of the meeting. A councillor issued with a red card will still vote, but must not speak or move motions If the person continues to be disruptive, the Presiding Member can instruct that they leave the meeting. Any Presiding Member who uses the “red card” or ejection power will be required to notify the Inspector. Where an elected member refuses to comply with an instruction to be silent or leave, or where it can be demonstrated that the presiding member has not followed the law in using these powers, penalties can be imposed through a review by the Inspector. 	<p>dot point 1 agree</p> <p>2nd dot point has an error on Members, it is plural and should be singular to identify the Chair /leader as the presiding member to issue warnings. Councillors one warnings and the 2nd is a red card followed by eviction</p> <p>If the Councillor “carries on” the inspector may impose penalties of financial and / or suspension</p> <p>The Gallery (visitors /attendees in the gallery two verbal and the third is a red card and eviction.</p> <p>.Dot point 3 Agree</p> <p>Dot point 4 Agree</p>
1.6 Vexatious Complaint Referrals		
<ul style="list-style-type: none"> No current provisions. The Act already provides a requirement for Public Question Time at council meetings. 	<ul style="list-style-type: none"> Local governments already have a general responsibility to provide ratepayers and members of the public with assistance in responding to queries about the local government’s operations. Local governments should resolve 	<p>You must identify the vexatious complaint to be either elector / Staff. If Councillor it must progress to the inspectorate for resolution</p>

	<p>queries and complaints in a respectful, transparent and equitable manner.</p> <ul style="list-style-type: none"> • Unfortunately, local government resources can become unreasonably diverted when a person makes repeated vexatious queries, especially after a local government has already provided a substantial response to the person's query. • It is proposed that if a person makes repeated complaints to a local government CEO that are vexatious, the CEO will have the power to refer that person's complaints to the Inspectorate, which after assessment of the facts may then rule the complaint vexatious. 	<p>unless it is resolved in-house as vexatious</p> <p>Dot point 2 agree</p> <p>Dot point 3 agree</p>
1.7 Minor Other Reforms		
<ul style="list-style-type: none"> • Other minor reforms are being considered to enhance the oversight of local government. • Ministerial Circulars have traditionally been used to provide guidance to the local government sector. 	<ul style="list-style-type: none"> • Potential other reforms to strengthen guidance for local governments are being considered. • For example, one option being considered is the potential use of sector-wide guidance notices. Guidance notices could be published by the Minister or Inspector, to give specific direction for how local governments should meet the requirements of the Local Government Act and Regulations. For instance, the Minister could publish guidance notices to clarify the process for how potential conflicts of interests should be managed. • It is also proposed (see item 1.1) that the Inspector has the power to issue notices to individual local governments to require them to rectify non-compliance with the Act or Regulations. 	<p>Dot point 1 What are they</p> <p>Guidance material is a must not could because standing orders are different between electorates and one standard is required.</p> <p>Dot point 3 Agree</p>

Theme 2: Reducing Red Tape, Increasing Consistency and Simplicity

CURRENT REQUIREMENTS	PROPOSED REFORMS	COMMENTS
2.1 Resource Sharing		
<ul style="list-style-type: none"> The Act does not currently include specific provisions to allow for certain types of resource sharing – especially for sharing CEOs. Regional local governments would benefit from having clearer mechanisms for voluntary resource-sharing. 	<ul style="list-style-type: none"> Amendments are proposed to encourage and enable local governments, especially smaller regional local governments, to share resources, including Chief Executive Officers and senior employees. Local governments in bands 2, 3 or 4 would be able to appoint a shared CEO at up to two salary bands above the highest band. For example, a band 3 and a band 4 council sharing a CEO could remunerate to the level of band 1. 	<p>Dot point 1 Disagree on sharing personnel</p> <p>Dot point 2 Disagree</p> <p>Not in the Band one interest to share the CEO. Especially when the electorate and not State / Federal pay the salary</p> <p>It's a hefty pay rise for a person who may still be learning the ropes</p>
2.2 Standardisation of Crossovers		
<ul style="list-style-type: none"> Approvals and standards for crossovers (the section of driveways that run between the kerb and private property) are inconsistent between local government areas, often with very minor differences. This can create confusion and complexity for homeowners and small businesses in the construction sector. 	<ul style="list-style-type: none"> It is proposed to amend the <i>Local Government (Uniform Local Provisions) Regulations 1996</i> to standardise the process for approving crossovers for residential properties and residential developments on local roads. A Crossover Working Group has provided preliminary advice to the Minister and DLGSC to inform this. The DLGSC will work with the sector to develop standardised design and construction standards. 	<p>Dot point 1 Agree, also cost sharing between the local government and owner for upgrading after ten years,</p> <p>What is it we are to agree on, it lacks detail</p>
2.3 Introduce Innovation Provisions		
<ul style="list-style-type: none"> The <i>Local Government Act 1995</i> currently has very limited provisions to allow for innovations and responses to emergencies to (such as the Shire of Bruce Rock Supermarket). 	<ul style="list-style-type: none"> New provisions are proposed to allow exemptions from certain requirements of the <i>Local Government Act 1995</i>, for: <ul style="list-style-type: none"> Short-term trials and pilot projects Urgent responses to emergencies. 	<p>Disagree,</p> <p>The Law and rules must be across the board and not individual or merely when convenient. 2.4 Streamline Local Laws		
<ul style="list-style-type: none"> Local laws are required to be reviewed every eight years. The review of local laws (especially when they are standard) has been identified as a burden for the sector. Inconsistency between local laws is frustrating for residents and business stakeholders. 	<ul style="list-style-type: none"> It is proposed that local laws would only need to be reviewed by the local government every 15 years. Local laws not reviewed in the timeframe would lapse, meaning that old laws will be automatically removed and no longer applicable. Local governments adopting Model Local Laws will have reduced advertising requirements. 	<p>Dot point 1 Disagree</p> <p>Local Laws reviewed at 50% every four years by the sitting Council. There's not too many that are site specific per Council, changes put forward by the staff and ratified by Council. Laws evolve as do the policy requirements.</p> <p>Dot point 2 disagree</p> <p>A resolution to remove a law must be by decision on relevance.</p> <p>Dot point 3 Agree</p>
2.5 Simplifying Approvals for Small Business and Community Events		
<ul style="list-style-type: none"> Inconsistency between local laws and approvals processes for events, street activation, and initiatives by local businesses is frustrating for business and local communities. 	<ul style="list-style-type: none"> Proposed reforms would introduce greater consistency for approvals for: <ul style="list-style-type: none"> alfresco and outdoor dining minor small business signage rules running community events. 	<p>Agree,</p> <p>Consistency is preferred as opposed to a rule for</p>

<p>2.7 Regional Subsidiaries</p>		
<ul style="list-style-type: none"> Initiatives by multiple local governments may be managed through formal Regional Councils, or through less formal “organisations of councils”, such as NEWROC and WESROC. These initiatives typically have to be managed by a lead local government. In 2016-17, provisions were introduced to allow for the formation of Regional Subsidiaries. Regional Subsidiaries can be formed in line with the <i>Local Government (Regional Subsidiaries) Regulations 2017</i>. So far, no Regional Subsidiary has been formed. 	<ul style="list-style-type: none"> Work is continuing to consider how Regional Subsidiaries can be best established to: <ul style="list-style-type: none"> Enable Regional Subsidiaries to provide a clear and defined public benefit for people within member local governments Provide for flexibility and innovation while ensuring appropriate transparency and accountability of ratepayer funds Where appropriate, facilitate financing of initiatives by Regional Subsidiaries within a reasonable and defined limit of risk Ensure all employees of a Regional Subsidiary have the same employment conditions as those directly employed by member local governments. 	<p>More information is required to answer this question,</p> <p>no benefit has been provided of any successful trial outcomes. it is only a working theory without evidence.</p> <p>lacking commitment but a good theory</p>

Theme 3: Greater Transparency & Accountability

CURRENT REQUIREMENTS	PROPOSED REFORMS	COMMENTS
3.1 Recordings and Live-Streaming of All Council Meetings		
<ul style="list-style-type: none"> • Currently, local governments are only required to make written minutes of meetings. • While there is no legal requirement for livestreaming or video or audio recording of council meetings, many local governments now stream and record their meetings. • Complaints relating to behaviours and decisions at meetings constitute a large proportion of complaints about local governments. • Local governments are divided into bands with the largest falling in bands 1 and 2, and smaller local governments falling bands 3 and 4. The allocation of local governments into bands is determined by The Salaries and Allowances Tribunal based on factors¹ such as: <ul style="list-style-type: none"> ○ Growth and development ○ Strategic planning issues ○ Demands and diversity of services provided to the community ○ Total expenditure ○ Population ○ Staffing levels. 	<ul style="list-style-type: none"> • It is proposed that all local governments will be required to record meetings. • Band 1 and 2 local governments would be required to livestream meetings, and make video recordings available as public archives. • Band 1 and 2 are larger local governments are generally located in larger urban areas, with generally very good telecommunications infrastructure, and many already have audio-visual equipment. • Band 1 and 2 local governments would be required to livestream meetings, and make video recordings available as public archives. • Several local governments already use platforms such as YouTube, Microsoft Teams, and Vimeo to stream and publish meeting recordings. • Limited exceptions would be made for meetings held outside the ordinary council chambers, where audio recordings may be used. • Recognising their generally smaller scale, typically smaller operating budget, and potential to be in more remote locations, band 3 and 4 local governments would be required to record and publish audio recordings, at a minimum. These local governments would still be encouraged to livestream or video record meetings. • All council meeting recordings would need to be published at the same time as the meeting minutes. 3.2 Recording All Votes in Council Minutes		
<ul style="list-style-type: none"> A local government is only required to record which councillor voted for or against a motion in the minutes of that meeting if a request is made by an elected member at the time of the resolution during the meeting. The existing provision does not mandate transparency. 	<ul style="list-style-type: none"> To support the transparency of decision-making by councillors, it is proposed that the individual votes cast by all councillors for all council resolutions would be required to be published in the council minutes, and identify those for, against, on leave, absent or who left the chamber. Regulations would prescribe how votes are to be consistently minuted 	<p>Dot point one Agree The reason for the absence must also be recorded as it may be an apology (merely not turning up for the meeting) is only recorded at the start of the meeting.</p> <p>Dot point 2 agree</p>
3.3 Clearer Guidance for Meeting Items that may be Confidential		
<ul style="list-style-type: none"> The Act currently provides broad definitions of what type of matters may be discussed as a confidential item. There is limited potential for review of issues managed as confidential items under the current legislation. 	<ul style="list-style-type: none"> Recognising the importance of open and transparent decision-making, it is considered that confidential meetings and confidential meeting items should only be used in limited, specific circumstances. It is proposed to make the Act more specific in prescribing items that may be confidential, and items that should remain open to the public. Items not prescribed as being confidential could still be held as confidential items only with the prior written consent of the Inspector. All confidential items would be required to be audio recorded, with those recordings submitted to the DLGSC. 	<p>Dot point 1 Agree,</p> <p>Dot point 2 agree</p> <p>Identification of confidential information (tenders, CEO / senior staff employment) should be exemplified to evidence what is and what's not. 3.4 Additional Online Registers		
<ul style="list-style-type: none"> Local governments are required to provide information to the community through annual reports, council minutes and the publication of information online. Consistent online publication of information can substitute for certain material in annual reports. Consistency in online reporting across the sector will provide ratepayers with better information. These registers supplement the simplification of financial statements in Theme 6. 	<ul style="list-style-type: none"> It is proposed to require local governments to report specific information in online registers on the local government's website. Regulations would prescribe the information to be included. The following new registers, each updated quarterly, are proposed: <ul style="list-style-type: none"> Lease Register to capture information about the leases the local government is party to (either as lessor or lessee) Community Grants Register to outline all grants and funding provided by the local government Interests Disclosure Register which collates all disclosures made by elected members about their interests related to matters considered by council Applicant Contribution Register accounting for funds collected from applicant contributions, such as cash-in-lieu for public open space and car parking Contracts Register that discloses all contracts above \$100,000. 	<p>Dot point 1 Agree</p> <p>A Councillor attendance record must be maintained showing in clear terms missed attendance in total for each committee and Ordinary council meeting, showing apology or leave of absence all totalled</p> <p>Agree with remaining 3.4 dot points</p> <p>*** What of Councillor ongoing attendance records to enable ratepayers to see how their representatives perform for their monetary value what of training records. <ul style="list-style-type: none"> It is a requirement of the <i>Local Government Act 1995</i> that CEO performance reviews are conducted annually. Theme 4: Stronger Local Democracy and Community Engagement

CURRENT REQUIREMENTS	PROPOSED REFORMS	COMMENTS
4.1 Community and Stakeholder Engagement Charters		
<ul style="list-style-type: none"> There is currently no requirement for local governments to have a specific engagement charter or policy. Many local governments have introduced charters or policies for how they will engage with their community. Other States have introduced a specific requirement for engagement charters. 	<ul style="list-style-type: none"> It is proposed to introduce a requirement for local governments to prepare a community and stakeholder engagement charter which sets out how local government will communicate processes and decisions with their community. 4.2 Ratepayer Satisfaction Surveys (Band 1 and 2 local governments only)		
<ul style="list-style-type: none"> Many local governments already commission independent surveying consultants to hold a satisfaction survey of residents/ratepayers. These surveys provide valuable data on the performance of local governments. 	<ul style="list-style-type: none"> It is proposed to introduce a requirement that every four years, all local governments in bands 1 and 2 hold an independently managed ratepayer satisfaction survey. Results would be required to be reported publicly at a council meeting and published on the local government's website. 4.3 Introduction of Preferential Voting		
<ul style="list-style-type: none"> The current voting method for local government elections is first past the post. The existing first-past-the-post does not allow for electors to express more than one preference. The candidate with the most votes wins, even if that candidate does not have a majority. Preferential voting better captures the precise intentions of voters and as a result may be regarded as a fairer and more representative system. Voters have more specific choice. 	<ul style="list-style-type: none"> Preferential voting is proposed be adopted as the method to replace the current first past the post system in local government elections. In preferential voting, voters number candidates in order of their preferences. Preferential voting is used in State and Federal elections in Western Australia (and in other states). <ul style="list-style-type: none"> The number of councillors (between 5-15 councillors) is decided by each local government, reviewed by the Local Government Advisory Board, and if approved by the Minister. The Panel Report recommended electoral reforms to improve representativeness. 	<ul style="list-style-type: none"> It is proposed to limit the number of councillors based on the population of the entire local government. Some local governments have ward councillors elected with less than 50 votes. CURRENT REQUIREMENTS	PROPOSED REFORMS	COMMENTS
6.1 Model Financial Statements and Tiered Financial Reporting		
<ul style="list-style-type: none"> The financial statements published in the Annual Report is the main financial reporting currently published by local governments. Reporting obligations are the same for large (Stirling, Perth, Fremantle) and small (Sandstone, Wiluna, Dalwallinu) local governments, even though they vary significantly in complexity. The Office of the Auditor General has said that some existing reporting requirements are unnecessary or onerous - for instance, information that is not relevant to certain local governments, or that is a duplicate of other published information. 	<ul style="list-style-type: none"> The Minister strongly believes in transparency and accountability in local government. The public rightly expects the highest standards of integrity, good governance, and prudent financial management in local government. It is critically important that clear information about the financial position of local governments is openly available to ratepayers. Financial information also supports community decision-making about local government services and projects. Local governments differ significantly in the complexity of their operations. Smaller local governments generally have much less operating complexity than larger local governments. The Office of the Auditor General has identified opportunities to improve financial reporting, to make statements clearer, and reduce unnecessary complexity. Recognising the difference in the complexity of smaller and larger local governments, it is proposed that financial reporting requirements should be tiered – meaning that larger local governments will have greater financial reporting requirements than smaller local governments. It is proposed to establish standard templates for Annual Financial Statements for band 1 and 2 councils, and simpler, clearer financial statements for band 3 and 4. 	<p>Dot point 1 Agree Excessive Councillor absence from council meetings denotes poor standard and little to no integrity for the investment</p> <p>Dot point 2 Agree</p> <p>Dot point 3 Agree</p> <p>Dot point 4 Agree</p> <p>Dot point 5 Agree What are in the tiers, will councillor attendance be defined in a clear and unambiguous manner and provide a running total as they allocate budget funding</p> <p>Dot point 6 Agree</p>

The Committees would be able to include council members but would be required to include a majority of independent members and an independent chairperson. 	<p>Dot point 1 agree Audits are undertaken by an external body and Council is represented by the chair and three Councillors. It is still independent</p> <p>Dot point 2 Agree It is referred to full council for ratification</p> <p>Dot point three agree Tiers 3 & 4 “share” would be much less than tiers 1 & 2 proportionally and for the work involved</p> <p>Dot point three agree Chairperson should be a Councillor</p>
6.7 Building Upgrade Finance		
<ul style="list-style-type: none"> The local government sector has sought reforms that would enable local governments to provide loans to property owners to finance for building improvements. This is not currently provided for under the Act. The Local Government Panel Report included this recommendation. 	<ul style="list-style-type: none"> Reforms would allow local governments to provide loans to third parties for specific building improvements - such as cladding, heritage and green energy fixtures. This would allow local governments to lend funds to improve buildings within their district. Limits and checks and balances would be established to ensure that financial risks are proactively managed. 	<p>Dot point 1 agree However, loans to ratepayers then no</p> <p>Dot point 2 ratepayer loans...no</p> <p>Dot point 3 Agree</p>
