## Background

1. At around 10.15pm on Friday, 24 July 2020, an incident occurred in the front entry way and carpark area of the [REDACTED] ("the Tavern"). The Tavern is a licensed premises for the purposes of the *Liquor Control Act 1988* ("the Act").
2. Following that incident, the Applicant was issued with an infringement notice in relation to one offence of behaving in a disorderly manner in a public place, contrary to section 74A(2)(a) of the *Criminal Code* (WA). There is no information before me as to whether the Applicant has paid that infringement notice.
3. As a result of the incident, a delegate of the Commissioner of Police issued a barring notice under section 115AA(2) of the Act in respect of the Applicant dated 14 August 2020 ("**the Barring Notice**"). The Barring Notice was served on the Applicant on or about 14 August 2020.
4. The Commissioner of Police, or his delegate (pursuant to section 115AB), has the power to ban people from licensed premises, pursuant to section 115AA(2) of the Act, if he believes on reasonable grounds that the person has, on licensed premises "or in the vicinity of licensed premises":
  - (a) been violent or disorderly; or
  - (b) engaged in indecent behaviour; or
  - (c) contravened a provision of any written law.
5. A single incident can be sufficient to found a barring notice.
6. The underlying purpose of a barring notice is not to penalise an individual but to act as a protective mechanism (*SVS v Commissioner of Police* (LC 19/2011) at [12]; *KRB v Commissioner of Police* (LC 33/2011) at [35]; *MP v Commissioner of Police* (LC 55/2011) at [22]; *LMC v Commissioner of Police* (LC 05/2012) at [14]; *GML v Commissioner of Police* (LC 58/2011) at [20]).
7. The Barring Notice issued in this case (which remains in force until 11 February 2021) prohibits the Applicant from entering licensed premises in Western Australia of the following licence classes:
  - (a) All hotel licences issued under section 41 of the Act (including hotel, hotel restricted, tavern and tavern restricted licences);
  - (b) All small bar licences issued under section 41A;
  - (c) All nightclub licences issued under section 42;
  - (d) Casino licence issued under section 44;
  - (e) All liquor store licences issued under section 47;
  - (f) All club licences issued under section 48;
  - (g) All restaurant licences issued under section 50;
  - (h) All producer's licences issued under section 55;
  - (i) All wholesaler's licences issued under section 58;
  - (j) All occasional licences issued under section 59; and
  - (k) All special facility licences issued under section 46 of the Act and regulation 9A of the *Liquor Control Regulations 1989* (WA).

## Application for Review

8. On 27 August 2020, the Applicant applied to the Commission for review of the decision to issue the Barring Notice, pursuant to section 115AD(3) of the Act. That application was filed within the time specified in section 115AD(4).

9. The Applicant has elected to have the review determined on the papers, and the matter was referred to me on 12 October 2020 for that purpose.
10. The primary issue for determination by the Commission on review, on the balance of probabilities (section 16(1)(b)(ii) of the Act), is whether there are reasonable grounds for believing that the barred person has been violent, disorderly or engaged in indecent behaviour on licensed premises or in the vicinity of licensed premises (*YZ v Commissioner of Police* (LC 13/2013) at [15]). In considering that issue, the relevant considerations include the nature and circumstances of the incident/s giving rise to the issue of the barring notice, the risk of the Applicant behaving in a similar manner and the need to protect the general public, the licensee and the Applicant themselves (*KRB v Commissioner of Police* (LC 33/2011) at [34]; *AQ v Commissioner of Police* (LC 46/2011) at [34]; *MP v Commissioner of Police* (LC 55/2011) at [21]; *GML v Commissioner of Police* (LC 58/2011) at [19]; *YZ v Commissioner of Police* (LC 13/2013) at [19]).
11. On review, the Commission can affirm, vary or quash the decision under review (section 115AD(3)). The Commission is to undertake full review of the materials before it and to make its own determination on the basis of those materials (*Hancock v Executive Director of Public Health* [2008] WASC 224 at [54] per Martin CJ, who was considering section 25(4) of the Act, which also includes a power to affirm, vary or quash a decision). The discretion to affirm, vary or quash a barring notice must be exercised consistently with the objects and purposes of the Act.
12. In conducting a review of the decision in this case, the Commission can only have regard to material that was before the delegate and “any information or document provided by the Applicant” (section 115AD(6)). In the present case, the Applicant has provided the Commission with two references.
13. In the circumstances, I have had regard to the following material (pursuant to section 115AAD(6) of the Act):
  - (a) the material that was before the delegate of the Commissioner of Police when making the decision, consisting of:
    - i. Criminal Code Infringement Notice (number 10100000302824);
    - ii. Divers Tavern Incident Reports (three) by J Nicolson;
    - iii. ██████████ Security Incident Report by ██████████
    - iv. ██████████ Incident Report by unknown author;
    - v. brief jacket for brief number 1994628-2;
    - vi. Incident report 260720 0700 14776 (redacted);
    - vii. a witness statement by the complainant, ██████████
    - viii. authority to release medical information regarding the complainant;
    - ix. four photographs of the complainant’s injuries;
    - x. twelve screen captures from the Tavern’s CCTV footage;
    - xi. a disk containing CCTV footage from the Tavern; and
    - xii. the Applicant’s criminal history as at 11 August 2019.
  - (b) the Barring Notice;
  - (c) the application for review filed by the Applicant, together with written submissions (dated 27 August 2020) and references from ██████████ (dated 25 August 2020) and ██████████ (dated 25 August 2020); and
  - (d) the outline of submissions filed by the respondent (dated 21 September 2020).

### **Submissions of the Parties**

14. The Applicant submits that the Barring Notice is harsh and ought to be quashed.
15. Whilst the Applicant acknowledges that his behaviour on 24 July 2020 was disruptive, he submits that there is no evidence that his behaviour was because of any consumption of alcohol.
16. The Applicant submits, in essence, that there are no reasonable grounds to believe that his behaviour on the day in question was violent or so disorderly such as to warrant a barring notice being issued. The Applicant submits that he was provoked into the altercation with the complainant, and believed the fight was consensual, with the complainant even shaking his hand afterwards.
17. The Applicant also submits that he was not charged with any criminal offence, despite the complainant making a statement to the Police and the Police having reviewed the CCTV footage.
18. It is submitted that the Applicant is a hard-working individual who has lived in [REDACTED] for the past 10 years. The Applicant submits that he currently works 54 hours a week for an [REDACTED] business, and he wants to be able to go for a meal or beer with his girlfriend after he finishes work. It is submitted that there is no need to protect the public from the Applicant.
19. The reference provided by [REDACTED] the Applicant's employer, confirms he is a hardworking and valuable member of his employer's business.
20. The respondent submits that the Commission should affirm the Barring Notice because there is clear evidence, and therefore reasonable grounds, for finding that the Applicant has been violent or disorderly and has contravened a provision of a law in the vicinity of the Tavern, and that, in light of his conduct, banning the Applicant from licensed premises under the terms of the Barring Notice is reasonable and appropriate in all the circumstances, in order to provide a level of protection to the community.
21. The respondent further submits that the discretion to affirm, vary or quash the Barring Notice must be exercised consistently with the objects and purposes of the Act, citing *Woollahra Municipal Council v Minister for the Environment* (1991) 23 NSWLR 710 at 715 and *Swan Hill Corporation v Bradbury* (1937) 56 CLR 746 at 758. It is said that the primary object of the Act in section 5(1) that is relevant to this case is in paragraph (b), "*to minimise harm or ill-health caused to people, or any group of people, due to the use of liquor*"; and the relevant secondary object in section 5(2) is in paragraph (d), "*to provide adequate controls over, and over the person directly or indirectly involved in, the sale, disposal, and consumption of liquor*".

### **Consideration**

22. Having considered all of the materials before the Commission, I consider there are some inconsistencies in the version of events given by the complainant and the Applicant. More significantly, there are inconsistencies between what each says compared to what can be seen on the CCTV footage. In the circumstances, I have given greater weight to what can be seen on the CCTV footage over the version given by the complainant or the Applicant.
23. From my review of the CCTV footage, I am satisfied on the balance of probabilities of the following salient matters:
  - (a) On 24 July 2020, the Applicant was at the Tavern. At around 10.10pm, he was in the outside entry area of the Tavern and was drinking a beer with two male acquaintances.
